

## COVID CORNER - UPDATE 9/25/2020

**Positive test results have been dramatically increasing in Lane County.**

Friday the 25<sup>th</sup> there were 50 positive cases of COVID-19 recorded in Lane County. This is the largest daily increase since the pandemic began.

**Positive test results continue to rise in Louisiana:** One news article states, “We are seeing the start of the second wave.” Lincoln Parish reported 616 cases for 9/23.

We must continue to be very careful to avoid exposure and suffer illness. Continue social distancing, sanitizing and PPE when in public.

Someday this will be behind us but today it is here.

Everyone stay healthy and safe!

Thanks  
Earline
