

CORONAVIRUS UPDATE FOR JULY 15th

Beginning on Wed., July 15th there are more restrictions regarding Face Masks and social distancing that have been put into place.

The first statewide ban on indoor social get-togethers of more than 10 people. This includes gatherings such as dinner parties, birthday parties, potlucks and book clubs taking place indoors.

The second new rule is that face coverings are mandated in outdoor spaces where distance of 6 feet or more from people outside your household cannot be maintained. No more than 10 people gathering inside, to hold meetings, social functions etc.

Face coverings are still in force when entering any public area, store, restaurant etc.

Louisiana – MASK UP LOUISIANA = Wearing masks or face coverings anytime we're out in public.

If you can move activities outside, do so. The disease spreads less easily outdoors, and you can enjoy more of the summer weather.

If you run a business and can service customers outside – do it.

Avoid group of more than 10. And if you're unexpectedly in a group of 10 or more, think hard about whether that's a good choice, stay outside, keep 6 feet apart, and cover your face.

This is a reminder, if you are sick, stay home. If you are running a fever, contact your health care provider. Get tested if you have any inkling that you may have the virus.

WPI will require face coverings or masks of anyone entering our lobby that is a customer, vendor or guest.

Please be careful, don't drop your guard against this virus. Keep sanitizing, distancing and being diligent in following the guidelines that are in place.

We are in this together, we are supporting each other, we are Western Pneumatics, Inc.

Thank You Everyone,

Earline
