To Everyone,

In just a few days, I will celebrate my 8-month anniversary with WPI. The time has flown by, you know the saying, "Time flies when you're having fun."

Although there have been challenges, including the difficulty that Covid-19 has brought us, we've accomplished a great deal. Due to your focused efforts, along with safety trainings, awareness, and an overall change in culture, we have greatly improved our safety record and programs. Currently 7 months injury free, no recordable injuries is a milestone for WPI, and this can only be accomplished by everyone being involved and devoted to safety.

I appreciate all of the support that I have received from management, supervisors, and all employees. We've been going through some tough times, but I've learned about the fighting spirit which embodies the WPI Family.

Thank you, Stay the Course, and "STAY SAFE".

Steve Pelkey
Safety, Health, and Environmental Director
